

1. on the left hand side of front page: copy paste files by the name of “ifram-jan.htm” and rename it to “ifram-feb.htm”
2. repeat process for each month
3. on the right hand side of the web page >> create hyper link to the responding month..
4. eg: hightlight January >> right click >> click on hyperlink >> fype “ifram-jan.htm” or what ever month you created in step 1
- 5. Make under target >> make sure you select *ifram***
6. repeate process as needed

all Done
